

Home Comfort Checklist

Your answers to these questions will help your independent American Standard Heating & Air Conditioning dealer custom-design and fit a system to meet your needs.

1 Are your heating and cooling bills too high?

2 Is your indoor unit or your outdoor unit (or both) too noisy?

3 Do you have a problem with humidity in the summer?
Or dry air in the winter?

4 Are there any rooms in your home that are always too hot or too cold?

5 Do you have pets or do any family members suffer from allergies?

6 Do you have problems with lingering cooking odors?

7 Does your system run all the time?

8 Does your furnace short-cycle, constantly turning on and off?

9 Is your system easy to maintain with a filter that's easy to get to and change?

10 Is your outdoor unit unattractive and not aging well?

11 Is your unit backyard-safe?

12 Is your system still covered by a warranty?
